DETAILED ACTION

Claim Rejections - 35 USC § 102

1. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(e) the invention was described in (1) an application for patent, published under section 122(b), by another filed in the United States before the invention by the applicant for patent or (2) a patent granted on an application for patent by another filed in the United States before the invention by the applicant for patent, except that an international application filed under the treaty defined in section 351(a) shall have the effects for purposes of this subsection of an application filed in the United States only if the international application designated the United States and was published under Article 21(2) of such treaty in the English language.

2. Claim 19 is rejected under 35 U.S.C. 102(e) as being anticipated by Breed et al (US 6,820,897).

Regarding claim 19, Breed discloses a vehicle object detection system comprising: at least one light source; at least one beam-forming assembly optically coupled to said at least one light source and forming an illumination beam; a transceiver (131-133) for generating a first communication signal and receiver (131-133) for receiving a second communication signal generated from at least one object in response to said first communication signal; and a controller (101) couple to said at least one beam-forma assembly and said receiver and adjusting the illumination beam in response to the second communication signal. See figures 1-20, col.18, lines 30-67 to col.34, lines 1-46.

Art Unit: 2821

3. Claims 20 is rejected under 35 U.S.C. 102(e) as being anticipated by Gourdine (US 2003/0184233).

Regarding claim 20, Gourdine discloses a headlight system comprising photo-detector (11, 14, and 15) for detecting at least one communication signal generated from the at least object (13) and the secondary headlight system (10) for adjusting illumination output of the vehicle headlight system in response to the at least one communication signal. See figures 1-6, col.2, lines [0030] to lines [0036] to col.4, lines [0057] to lines [0065].

Allowable Subject Matter

4. Claims 1-18 are allowed.

The following is a statement of reasons for the indication of allowable subject matter:

Prior art does not teach that, at least one object detection sensor for detecting at least one object and generating at least one object detecting signal and a controller coupled to said at least one beam-forming assembly and the at least one object detection sensor and adjusting illumination output of the at least one light source in response to the object detection signal; wherein adjusting the illumination output comprises adjusting an illumination parameters selected from at least one of beam pattern, beam location, beam focus and beam angle recited in independent claim 1.

Conclusion

5. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
